

## We Are The 99% event !

We're starting to get the 1% to pay attention. But this system's still rigged against us: Wall Street is still making billions and taking our homes, and Congress can't pass a jobs bill. **To amplify the economic emergency, we're making Thursday, November 17, a massive day of action to show "We Are The 99%."**

Just days before the Super Committee's deadline to propose more cuts for the 99% or increased taxes for the 1%, let's show Congress and the media that we want an economy for the 99% of us. Come out and amplify your voice and help increase the pressure on Congress to tax Wall Street to create millions of jobs. We need to make this day reflective of the 99% by making it as big and spread throughout the Country.

**Who should come?** Infrastructure and schools have been wrecked by budget cuts causing harm to the 99% of us while the 1% benefit from lower taxes—those affected by these budget cuts are exactly the people who need to speak up: **Teachers, Union workers, Leaders of faith communities, Unemployed or underemployed community members, Local or state elected officials**, including mayors, state representatives, state senators, city council members, and others in the area, and **Community members** with compelling personal stories related to the economic crisis.

**Meet on Thursday, November 17, at 4:30 until about 6:00 pm.** We will gather together on the **sidewalk between Dominoes Pizza and Walgreen Pharmacy, along East Broadway.** Bring a sign like the ones in the picture above. Dress warmly and prepare to walk along the sidewalks on Broadway and along the bridge sidewalk. Join us when you get off work, or while on your way home, take a few minutes to make your voice heard. You don't have to be there the whole time.
